Providing Pure, Clean Drinking Water To Those Who Served & Protected Us

An estimated 40% of San Diego County's homeless are military veterans. An example of some of the struggles homeless individuals face are finding clean water, food, shelter, illness prevention, etc. One of the biggest issues of the ones on this list is finding clean water. This lack of accessibility to clean water has led to many homeless individuals to either dehydrate themselves, which causes many illnesses and health problems, or drink dirty water, which has many health implications as well.

~Please join us in the cause to deliver pure water to homeless veterans
